BUSINESS OVERVIEW

SAP NS2 company description

SAP NS2® is an independent, U.S. subsidiary of SAP, delivering SAP solutions and AI capabilities exclusively with U.S. citizens operating on U.S. soil. As a CMMC Level 2 certified organization, SAP NS2 deploys solutions in the SAP NS2 Government Cloud, aligned with ITAR, FedRAMP, and DISA Impact Levels. SAP NS2 supports the U.S. Federal Government, Intelligence Community, and Defense Industrial Base through security and innovation. We help protect mission-critical data while enabling secure, trusted operations.

OUR EXPERTISE

SAP NS2 services

Secure, innovative SAP cloud and AI solutions

We deliver SAP's business suite to the U.S. government and highly regulated industries through the SAP NS2 Government Cloud, built to maximize data compliance and secure digital workloads.

Automated cloud deployment

Optimize your cloud success strategy and gain quicker time-to-value with SAP NS2's built in security measures and reduced human intervention.

Mission-critical industry & security expertise

With compliance considered at every level, the SAP NS2 team is staffed by 100% U.S. citizens, and all operations are conducted solely on U.S. soil. Our security and industry experts are dedicated to guiding your digital transformation.
